the rent should in all cases be subject to a maximum of 10 per cent on the salary & local allowances of the officia in actual occupation. The rent thus chargeable in the case of the 3? class constable cannot exceed annas ten pies ten (i.e. 3 annas 10 pies more than at present levied)

10 p.c of Rs 6-12-6

It is submitted that sufficient ground have not been advanced to make a representation to the Govt of India in the subject. If approved, our attention may be drawn to the clause referred to in the preceding paragraph, & informed that in no case should the rent chargeable exceed ~~the~~ ten per ~~cent~~ cent of the salary of the occupier of government house. He may at the same time be informed that if any concession is still required, strong grounds should be produced so that the case might be referred to the Govt of India for orders.

the District Superintendent of Police of the Co-operative Stations Reserves that the rule regarding rent recoverable from Officials occupying Government buildings as residences contained in Sl. No 2 is apparently applicable to uncovenanted officials & police officers on pay exceeding Rs 20/ (not to those police officers whose pay is 20 & under.

12 Office is aware how this instruction is put upon paragraph 2 clause 5 of the P. W. D Resolution of the 7th September 1886. It is clearly said in that clause that the rule is applicable in the case of all "Government officials" among whom it is presumed, members of the police force should be included. Please see Draft No 2.

The Inspectors case being held over until we receive a reply to the reference which is I believe, pending with the Govt of India. This is I am officially informed the case relating to Inspectors No case is now pending with the Govt of India. The Police reorganization scheme which provides, for the provision of rent free quarters in addition to the concessions, has been held over pending the results of the Police commission. No proposals regarding the Police are

Orders are requested as to whether a Draft may now be prepared in accordance with the previous note.

Resident.

At present in the whole police force there are only two men one Inspector & one sub-inspector. Who get quarters but free.

The question of whether quarters when provided are to be rent free or not is of course totally different from that of providing the quarters & which is separately under consideration & provision has been made in the Budget for 1903-04.

I am inclined to think it was a mistake to allow any exceptions until the whole question could be taken up as a whole & settled once & for all. I should say this question of rent is one not unlikely to be dealt with in the Commission's report. If any

The Dist. Supt. of Police was informed
in this office letter N. 6033 dated the
29 October 1902 that the Resident
preferred not to take up the question
whether rent should or should not be
charged for buildings provided for the
Police until he was in a position to
take up the case for the Police as a
whole. It is not therefore clear why
the grant of free quarters to Inspector
Bowles has been now specially
recommended. If such a distinction
be made, it will as a matter of
consequence be felt as a hardship
by the other members of the Police.

1- The W. S. P's statement that Mr. Hunter is the only Police Inspector who was paid rent for the quarters occupied by him is not clear. Including the Ry Police, there are 3 Inspectors, & the quarters for only one Inspector are now provided free of charge under special circumstance. The Ry Inspector does pay rent.

2- There is no reason why the Inspectors should be provided with free quarters while not Inspectors Sergeants etc, who are ~~now~~ paid less than the Inspectors should continue to pay rent. In this connection, please see notes to Sl. Nos 14 & 16 of file.

The Office made the statement that the Ry Inspector pays rent on the authority of this Office letter N. 1794 of 31st May 1887 + letter N. 2851 of 23rd August 1889, and because no exception to the general rule was made in favour of the Ry Police Inspector.

The building occupied by the Ry Inspector was built by the S.-W.-Ry Co. to whom rent is payable from the revenues of the Assigned Trust. In connection with the recovery of the rents from the Inspector, the D.-S.P insisted that the Inspector might be allowed to occupy the house free of rent, but the required permission does not appear from the papers in file N. 201/1899 to have been granted. Mr. Davis says that the Ry. Inspector has been occupying the house free of rent since 1895. As a matter of fact, the building of the house was not commenced in September 1899 nor was it completed before January 1901.

It would at any rate, appear that

that the Ry: Inspector is occupying quarters free without authority. The matter appears to have escaped notice because the Trustees have not claimed rent in respect of this house. Perhaps it would be as well not to raise any question as regards the rental of this house.

It is desirable that the question of rent should be considered with reference to all the circumstances of the case, and in reply may, if approved, be sent with reference to Sec. W. 18 on the terms of A on page 2 of Notes.

The case stands thus :-

10 The Division Inspector occupies Govt quarters free of charge under the authority of the Revenue Proceedings No 2032 of 19 April 1901 - S. No 11 of file 161/1899. Free quarters have been provided under para 1068 (V) of the Public works Code. Vol I.

11 For the Railway Mines Inspector the S. Mr. R. Co. have built quarters in the Bangalore City Station Compound

at the expense of the Company.
Rent is payable in the proportion
of $\frac{7}{10}$ths by the Company & $\frac{3}{10}$ths by
the Assigned Trade Revenues, any
recoveries effected from the occupant
of the quarters being credited in
the same proportion to the Company
& the said Revenues. See para 4
of his letter No 367 of 17. May 1898. S. No 2 of File $\frac{201}{1899}$
The D.. Supt of Police, Cochin-China,
said that he trusted the Railway
police Inspector might be allowed
to occupy the quarters free of rent
as the Office rates on the proposal
Capt Erskine said that the Inspector
must pay rent subject to maximum
of 10 per cent on salary & that the
balance must be found from
Contingencies. The Resident agreed, but

(Continuation of Note or Précis).

has now told me that after receiving
S. 15 & before writing S. 16 he spoke
to Resident & verbally made the
proposals in S 16 which Resident was
apparently prepared to accept.
He then sent up S. 16 officially, when
the Office & F.A.R. being unaware of
the previous conversation between D.S.P
& Resident, noted against the proposal
& suggested referring to previous
orders. In agreeing with this note,
Res.t made no reference to any
conversation with Mr Baird, which perhaps
escaped his memory, & S. 17 was
consequently issued.
Mr Baird then came & spoke to me
& explained as above: which I
said that if he came up again I
wd. note the facts & submit again
for Residents consideration. I also
suggested that he would make
his case stronger if he laid stress
on the fact, which on his showing seems
to be true, that both the then Inspectors
were exempted from payment of
house rent, & that Mr Bartels was
consequently receiving exceptional treatment
Hence the present representation.

The question has now been gone into
very thoroughly: please see Mr
Tirumalai's precis immediately
preceding this note.

It is true that the Bandicoot Inspector has been formally exempted. It is also true that the R.y Inspector pays no rent, but he has never been exempted & he should undoubtedly have been paying rent his occupation. I do not understand how it was that this office omitted to pass definite orders on the subject when the S.S.P definitely raised it & the Inspector represented a hope that he might be allowed to occupy the quarters rent free.

Sec. F. 201/1899
S. 21 para 4.
S. 22 (applies to S. 21) and office note at Flag B.

The quarters of the R.y Inspector being the largest & the rent is payable 3/10 by Assigned Trust & 7/10 by S.M.R. deducting anything that may be realised from the occupying Inspector himself. Whether the S.M.R have been paying I cannot say, but the Inspector certainly has not & it would appear that the Assigned Trust Revenues have also paid nothing. Meanwhile we are liable to be billed at any moment by the Bandra for 3/10 of the rent for the time when the Bungalow was occupied.

154- It is therefore clear that Inspector Bartels case is only exceptional because the R.y Inspector has not been paying when he should have been paying rent.

24 14

(Continuation of Note or Precis).

I myself am strongly of opinion that all Police shd. occupy quarters not pro
there is also no doubt that we can
exempt them under PWD Code Vol I §1068(
At present we are dealing only with
Inspectors, & though there are only three
of them. the question of their house rent
is all in a muddle, especially that
of the R.y Inspector. He, I understand,
has been occupying the quarters now
on "up to maximum" salary for rent. he would
pay Rs 10/0 of his salary for rent. he is supposed to
now has to pay as a months salary
account of back rent —
Now that the R.y Inspectors case has been
brought to notice, it can hardly be
ignored. I wd. suggest considering it
separately — The only fact at present
clear about it — is that the rent
is 32/8/- per measem for which the
Assigned Tract Revenue, whether the Inspector
pays or not, is liable for $\frac{3}{10}$ths — The
Questions to decide are from what date
this rent is payable & the basis, &
what is to be done about the present
Inspector — The S.M.R. are undoubtedly
entitled as things stand to recover
from him $\frac{7}{10}$ths of his monthly pay
since his occupation — Any previous
Inspectors who may have occupied the
Quarters have probably retired or gone
& we shd. be unable to recover anything
from them.

vide F. 201/1899
S. 19½ B.

174 As to Mr Bartels. Rs may either
let matters stand as they are until
receipt of Police Commissioners report, which
cannot now be delayed much longer,
or exempt him at once under P.R.D
Code with effect say from 1st Sept.

184 In conclusion I wd remark that
the R.P. Police matters seem to have been
pretty generally conducted. First
there is the question of the Mussulman pensions
arising in Mysore consisting of pensions
sent us from across the inspectors
case, & now I have also learnt
that a similar case of constables'
rent for quarters owned by, & for which
rent is payable to, the Madras R.C. Co.
has been allowed & drafts on for
months unbilled because the M.R.C.
presumably by mistake, have failed
to send us the bills for it. I have
asked Mr Baird & Comm. Officially
about this without delay. The Govt
of India are not prone to condone
mistakes of this kind, even though
the consequences fall on unfortunate
individuals who are probably innocent
& certainly ill able to bear them -
This is why I think the inspectors
case shd not be allowed & which
if necessary is the reason from
Mr the decision is postponed
him. The longer the harder it will fall on him.

(Continuation of Note or Precis).

Fortunately for the Constables I understand that their properties (on which the rent (one anna in the rupee of their pay) has been regularly received from them & is available. The balance is payable from Striped Tract Revenues which will now clear & meet several months back rent -

23/12/04

24/12/04 I personally agree with Mr Wilkinson, but our scheme for the reorganization of the Police includes rent per quarters, & the only question

is whether we are to take up portions of this scheme piecemeal or wait for final orders on the Police Commrs. Report, & then submit the scheme as a whole.

3. Mr W. has been I think emboldened by our taking up one or two questions which had been unnecessarily kept in abeyance, & is now pressing for more: but no fresh question for all the police is a big question & ultimately connected with the general reorganisation. The mistake has been I think & make an exception in advance in favour of the Inspectors: & this not been done one of Mr W's main arguments will fall me

Sl. 19 & 20. Res 243/1899.
Sl. 4 & 10. Res 243/1899

This question was put aside pending the views of Govt on the Report of the Police Commission -

a. At present, Inspectors & Sub-Inspectors are provided with ~~free~~ Govt. quarters free of rent. From the rest who are provided with quarters, rent is recovered at 10 p.c of Pay in case of Officers drawing salaries exceeding Rs 20/- a month & one anna in the rupee of Pay of Officers under Rs 20/- a month. From paras: 8 & 104 of the Police Commissions report, it will be seen that the provision of suitable quarters for Police Officers of & below the rank of Sub Inspector has been recommended
~~recommended~~

recommended, & this recommendation
has been accepted by the Govt of India
in paras 62 & 76 of the Home Dept Resolution
of the 21st March 1905. When Inspectors
have been provided with quarters free
of rent, it is nothing but reasonable
that Police officers of lower rank should
also be allowed this concession.
As was done in the case of Inspectors,
permission might be granted to all the
other members of the Police force who have
been provided with Govt quarters to
occupy them free of charge under para:
1068 (V) of the P. W. Code, Vol: II. From
the statement furnished by the D-S.P
in Nov^r 1901, it will be seen that
while the strength of the Police in charge
of Police was 433, quarters were then
provided for 260 only. Should the new
arrangement for Govt quarters be
exempted from such payment, those
who have found their own quarters
will naturally claim house rent.

DL

It seems desirable that exemption from payment of rent by the Police Officers should not be granted as a matter of general application until almost all the Police Officials have been provided with Govt. quarters. If approved, the D. S. P might be asked to forward a statement showing the strength of the Police & the No. provided with Govt. quarters, & to state what it is proposed to do in the case of the Police Officers for whom Govt. quarters have not yet been provided. Govt is asked for opinion

3. Office is not sure whether this matter should be referred for the orders of the Govt of India - Having the budget for 1906-1907, the estimated receipts from rent of Police lines amount to Rs 2080/- which will not be forthcoming if the proposed exemption be allowed - If necessary the

Local Govt is empowered at their discretion to provide free quarters to Police Officers of ranks lower than Dy Sps or Asstt Supts (P. W. D. Code, para 70 & clause V).

the Accte General, General may be consulted, if, after receipt of the statement which it is proposed to obtain from the Dist. Supdt Police, it be decided that exemption for payment of rent should be granted.

4. It will be seen from the D.S.P.'s letter No. 125 of 5th May 1906 & enclosure, that in respect of the proposed revised Police establishment of the Native quarters will have to be provided for 3 Sub Inspectors & 36 Police Constables. The Collector however, thinks that no more Sub Inspectors will be required for some time, & that 3 Sub Inspectors will have to wait for quarters until they are evacuated. If other Sub Inspectors be provided with free quarters, it is not clear whether any application will be made on behalf of the 3 Sub Inspectors for house rent. The

proposed,

appeared, this point might definitely ascertained, before the Accountant General, madras, is addressed, as suggested in para 3 of note.

AS.
10/5/'06

5. There will probably be some difficulty in inducing the T. of L. to sanction house rent for the 3 sub inspectors until such time as quarters may be ready for them. As the question of house rent need not therefore be raised by us, but steps may be taken at once for the provision of quarters for these officers. We need not consult the Audit Dept as to the general exemption of the Police from payment of rent. Although the Revenue, as Local Govt, seems to have the power, under para 1058(1) of the P.W. Code, to permit

the Police to occupy their quarters free of charge, it seems advisable, considering the large amount of income (about Rs 2000 a year) to the Surgeon, to mention in our letter regarding the revision of the Police force, the suggestion of the S. of S. The action which the Resdt proposes to take in the matter.

× The proposed abolishment of subsidy mentioned in the Note

6. I agree that the 3 other Subinspectors who certainly have quarters, & that exemption from payment of rent may be granted to all Police Officers occupying Govt quarters. And this may, as suggested, advisably be mentioned to Govt when we address them again in receipt of the revised proposition statement.

8. We cannot give free passes to some without equivalent house allowance to the rest. What will be the exact cost of such allowance (a) for the 3 Sect. Inspectors (b) for the Constables. I gather from Mr. D.'s letter that if no such allowance will be necessary, as the men only either in Cantonments or in other free quarters, while under training. But please make sure about this.

Quarters for 3 sub Inspectors of Police, C & M Station

Sd. 24. Rec 154 1905

Quarters are required for housing three sub Inspectors newly added on the creation of the recent revision of the Police force of the C & M Station & the Govt. of India have been informed, in para 3 of this office letter N. 338 of 13: June 1906 that plans & estimate are being got out.

Sd. 6. Rec 597 1906

2. In October 1886, the limit of the cost of each house for a chief constable (sub Inspector) was fixed at Rs 2,500/- but this amount was then arbitrarily fixed without reference to the P.W. Code rules. In April 1901, an estimate for Rs 2717/- for constructing a sub Inspectors' house was sanctioned by the Resident & the estimate now submitted for sub Inspectors' quarters amounts to Rs 4865/- & has been said to have been prepared with due care

Sd. 11. Rec 161 1907

case - It may, if approved, be ascertained whether the estimated cost is not in excess of that allowable under para: 1066 (1) of the N.W. Code Vol: II, otherwise the Govt: of India in whom the power of sanction will be submitted for sanction under para: 1 of the Resident's Proceedings dt. 4420 of 5th September 1911 may take objection.

3. The question for the sub-inspector are to be ascertained on Govt: land within the limits of the Cantonment, but for the use for the sub-inspector of Cotton Bank Police station it is proposed to take up land belonging to the Company Bunder - A sketch showing the land with details as is given may be obtained from the D.S.-P & the Bunder Consulted as to whether they agree to make over the required land & what is its value lying included within the limits of the Cantonment. When this land is granted a revision of clause III of the P.S. station boundaries will become necessary.

20/12/16

I agree that the proposal is impossible

I am sent personally enclosing the proposal to ask the Bunder to give us a piece of land for this purpose. The site will presumably

be included within the limits of the C.P. Railway station & the Durbar will be asked to surrender this portion of their territory and consign their jurisdiction over them to the British Govt. If no other suitable site or Govt land can be found any new cutcherry for the station. The room now occupied by the Sub Deputy Collr of the Junction of Residency & Brigade Roads must apparently continue to be used by him, the Third Sub Deputy. For whom quarters are required being located elsewhere.

21/12/01

Rest Regr.

I acknowledge the receipt of the estimates & plans but say that the forms appear to exceed the scale laid down in P.W. Code para 1066(i) Vol I. in this connection Point out the discrepancy between the estimate now submitted & those sanctioned in 1901

and say that the Resident is of the opinion that if possible the rate of cost of construction should be associated as should this not be practicable that Mr Fraser would be glad to be informed for the reasons of their wide divergence.

2 Say that the question of the change of site of the present Cobbam Park P.O's quarters will be dealt with later.

D.36

1) As regards quarters for three Sub Inspectors of the Co Nellore Police, it was stated in this office letter No. 24 of 4th January 1907 that the cost in each case should be assimilated to that contemplated in the P.W. Code or to that (Rs 2717) sanctioned in the Resident's Proc: No. 2032 of 19th April 1901.

A.11- File 161 1899

The A.C.K.-S considers that the estimate dealt with in the proceedings of 19th April 1901 & which it is stated would at existing works rates cost (with outhouses) Rs 2700 approximately is amply sufficient —

2. There is provision in the current year's budget of Imperial Civil Works to meet the expenditure & the A.S.P says that the A.C.K.-S will begin the construction of the buildings in case the

the site selected are approved. In this connection, please see paragraphs 3 to 5 of note on Sl. 11.34. The D.S.P. may be authorised to hand over to the Military Works Dept the site at Yaletting now used as Police Lines & at the Armoury which belong to the Police Dept. As regards the site at the Cubbon Park, it may not be advisable to, for the reasons given in para 4 of note on Sl. 11.34, ask the Govt to surrender it, especially because the site is not much further away from the European Victoria's Statue, the surroundings of which are to be improved.

3. If the Chief Engr & the Chief Supdt of Police cannot find any other site near the Cubbon Park Police Station, the Lines now occupied by the Asst Superintendent of Police may continue to be used by him, the third Asst Superintendent being provided with quarters where site is available. If approved, the papers may be sent to us.

I incline in no immediate need of quarters near any particular police station. If it is seriously intended to plant another police building in the Cubbon Park it will be better to combine S.P.'s quarters & station & put them at the site shown in the plan (i.e. knocking down the old Police Station

RESOLUTION.—The Governor-General in Council is pleased to lay down the following rules in supersession of all previous orders, for regulating the rents to be charged for Government buildings occupied as residences by Government officials:—

I.—(1) The rent should be a sum which will cover—

(*a*) Four per cent. interest on the actual capital cost of the house and its site.

(*b*) The estimated average annual cost of repairs.

The capital cost of the house should be taken as the cost of the building and its site, together with a sum to cover the share of Tools and Plant and Establishment. The amount to be added for these charges may be specially approved by the Local Government; but should not be taken as less than 20 per cent. on the cost of "works." When there is no record of the original cost of the building, its present value should be estimated by the Executive Engineer of the Division and approved by the Superintending Engineer; and this estimate should be taken as the capital cost.

(2) The average cost of annual repairs should be specially estimated in each case by the Executive Engineer on the best data available, and be approved by the Superintending Engineer. Such average cost should not, as a rule, be taken at less than 3 per cent. on cost of a permanent building, or 6 per cent. on the cost of a temporary building, but should be sufficient to cover quadrennial and special repairs. The actual cost of repairs should be compared annually with the amount assessed on this account in the rents and, when necessary, the rents should be revised.

(3) In calculating the outlay on repairs of any building, a sum should be included to cover the cost of Tools and Plant and Establishment, as defined above.

(4) When a building is occupied partly as a residence, and partly as an office for which no rent is paid, the capital value of the portion occupied as a residence should be separately estimated and the rent calculated accordingly.

(5) The actual charge for the rent of a residence occupied by any Government official shall, in all cases, be subject to a maximum of 10 per cent. on the salary and local allowances of the official in actual occupation.

(6) Local Governments or Administrations must, irrespective of the Fund from which the cost of the building was met, obtain the special sanction of the Government of India if they desire to reduce the rent of any Government building below that authorised in these rules.

II.—At stations where, owing to excess of available accommodation or to other special circumstances, rents cannot be fixed on the above principles, but must unavoidably be assessed with reference to prevailing rates, sanction to make such special assessments at the particular stations must be obtained from the Government of India, but the actual rents may be fixed by the Local Government.

III.—When any Government buildings is, under proper authority, let to a private person, rent shall be regularly recovered for the same at the rates prevailing in the locality for similar accommodation belonging to private owners; but, without the permission of the Government of India, the rent charged shall not be less, at any station, than that defined in clause I (1).

IV.—In the case of houses occupied free of rent or at reduced rents by any Government officials, the authority under which the reduction is made should, in every case, be communicated to the Examiner of Accounts, in order that he may enter it in the return which is submitted to the Accountant General, Public Works Department, under Public Works Department Circular No. 3 P.W., dated 10th September 1887.

V.—The rents of all houses belonging to Government should be re-calculated in accordance with these rules, and the new rates should be made applicable from the 1st April 1889.

VI.—The above rules are not applicable to officers in regimental employ, nor to Upper Subordinates in the Public Works Department paying rent under Code XI, Section 25, nor to members of the subordinate Revenue Staff of State Railways.

Sir,

With reference to your Letter No 3422/4568 of 9 October last inviting my attention to the rules laid down in the marginally noted Resolutions of the Government of India, with special reference to the rent which was being recovered from the Members of the Station Police Force, I have the honor to observe, that new rates as therein prescribed, were to be made applicable from the 1st April 89, Vide Para V of Resolution No 479 B. and in doing so, I find that rents which were being recovered from the Members of the Force whose pay exceeds Rupees 20/ per

per mensem have been in Strict accordance with Rule V para I of the Resolution above quoted, i.e 10 per Cent of the pay of the Officers in actual possession of Government Buildings, but as regards those whose pay does not exceed Rupees 50 per mensem I presume, the orders* contained in the Resolution quoted do not apply. Police men of the class I allude to are allowed special privileges both as regards their leave and pensions, on account of their hard Service, but as regards their residence they are compelled to occupy huts in the Police Lines more for the convenience of the public service and for purposes of discipline.

*"In regulating rents to be charged for Govt buildings occupied as residences by Govt officials"

A 3rd Class Constable whose Net pay is Col Rs 6-12-6, gives out of it, 7 annas for house rent, and with other expenses such as washing, petty repairs, &c Kit, he has but Rs 6/ only for his keep, the new rates of rent if to be applied will bear very hard on this class of Servants.

I trust that my view of the orders in question will meet with the Residents approval.

I annex below for information, the approximate rent of a Constable's house according to the new Rule.

Letter No. 1084-G., dated 12th March 1889, from the Government of Bengal.

RESOLUTION.—I. As some misapprehension appears to exist concerning the interpretation of section IV of the Resolution quoted above, it is considered necessary to explain that it is not intended to make any alteration in the rents of Government houses, occupied free of rent or at reduced rents by Government officials, when any specific sanction of the Government of India can be quoted for the existing practice. It is essential that the number and date of the letter giving the sanction of the Government of India should be communicated to the Examiner of Accounts. As, however, there may probably be cases in which the grant of free quarters or reduced rents is no longer necessary, Local Governments and Administrations should, in such cases, assess rents under the rules laid down in the Resolution.

II. The Government of India has had under consideration certain cases of rents chargeable to officers drawing not more than Rs. 100 a month and who for the convenience of their work, are practically compelled to occupy certain houses. The Governor-General in Council is pleased to issue the following supplementary rules with reference to these cases.

(1) In the case of Government servants drawing salaries not exceeding Rs. 25 a month, Local Governments and Administrations are authorized to charge whatever rents are thought suitable or to remit rents entirely according to the circumstances of each case.

(2) In the case of Government servants drawing salaries exceeding Rs. 25 but not exceeding Rs. 100 a month, who are not already charged rent under any special rule of the Government of India, the amount of rent to be charged shall be fixed by the Local Government or Administration subject to a minimum of five per cent. on the salary and local allowance of the occupant of the house.

As per sanction accorded vide Residents Proceedings No 2032 dated 19-4-01 quarters for Inspector have been built on the Broadway road and recently handed over to this Department. The Divisional Inspector of B Division will occupy the same in a few days free of rent.

I would ask whether similar indulgence cannot be granted to Inspector C Division at once pending settlement of the question as to the grant of free quarters for the other members of the force.

I failed before to make clear the fact, that in requesting the concession of free quarters for the Scholarship Inspectors, I was not asking for a concession which would favour that Inspector unequally with the others.

The fact is that he at present is not in an equally favoured position with the other Inspectors, as he alone of all the Inspectors, is now made to pay rent. It is to remove this inequality that I now address you.

I have the honor to invite attention to the fact that the 3, Inspectors on Executive duty under my control have been provided with free quarters under the Hon'ble the Resident's sanction but that all other ranks have to pay house rent for their government quarters. The Sub-Inspectors at the rate of 10% on their pay and the subordinate ranks at the rate of one anna in the rupee of their pay. This I consider is a hardship. The higher paid officers get their quarters free while the lower paid ones have to pay rent. Recruiting for the Police Force is difficult enough in a military station where sepoys are not only given better pay, but have quarters provided for them free and an indulgence of this sort is sure to help in obtaining a better and more numerous class of recruits.

Under para 1068 (V) of the Public Works code the granting of free quarters is left to the discretion of Local Governments and Administrations, I therefore strongly urge that this indulgence may be extended to the Sub-Inspectors and other ranks of the Station and Railway Police and I trust tha

Dear Mr. Fraser.

The District Superintendent of Police and the District Magistrate of the Civil and Military Station of Bangalore have on more than one occasion recommended that rent free quarters should be provided for the members of the local Police Force. This recommendation has been kept in abeyance pending the final orders of the Government of India on the Police Commission's Report.

2. Arrangements have now been made to provide almost all the members of the force in Bangalore with Government quarters, and the question has again been raised whether rent should or should not be charged for these buildings.

I shall be much obliged if you will kindly let me know whether the Government of India would be prepared to consider the question now or whether they would prefer to wait until orders on the Police

Commission's

Foreign Office,

Calcutta, the 1st February 1905.

Dear Sir James Bourdillon

I am desired to acknowledge the receipt of your demi-official letter to Mr. Fraser, No. 22, dated the 3rd January 1905, enquiring whether the Government of India are prepared to consider at once the question of providing rent free quarters for the members of the local Police Force.

It will be convenient if the proposals for housing, as well as those for re-organising, the Police force are kept in abeyance pending

pending the issue of orders on the Police

It appears that, in respect of the proposed revised Police Establishment quarters will still have to be provided for 3 Sub Inspectors and 36 men, but that accommodation will not in all probability be wanted for the latter as without allowing for any vacancies in the Force there will apparently be at least 36 men under training. SIR,

In accordance with the instructions conveyed in para 2 of your letter No 3199 dated 1st June 1906, I have the honor to submit herewith plans and Estimates for the quarters required for three Sub-Inspectors.

2. The estimates have been prepared with due care, all extra provision such as the purchase of land, the construction of compound walls being eliminated to reduce the cost of the buildings as far as possible. In estimating the cost of each building at Rs 4865/- the Assistant Commanding Royal Engineer reports that the amount cannot be reduced to Rs 2500/-.

3. The lands belonging to Police Departme

at Yellagondapallyam and at Broadway, have been selected for the quarters for two Sub-Inspectors. For the third Sub-Inspector, it is proposed to make use of the house now occupied by the Sub-Inspector of Cubbon Park Police Station at the junction of Residency and Brigade Roads and to provide this officer with quarters near his station like the other officers of the Force.

4. As the land selected in Cubbon Park is just beyond the limits of the station boundary and appears to belong to Mysore Government, I would request that the Honorable the Resident be pleased to move the Durbar to make over the ground.

SIR,

I am directed to acknowledge the receipt of your letter No. 608, dated the 14th December 1906, forwarding plans and estimates for the quarters required for three sub-Inspectors of Police in the Civil and Military Station of Bangalore.

2. The estimates in question appear to exceed the scale of expenditure contemplated in Volume I of the Public Works Code, paragraph 1038 for residences for Government officials in general and they are also much in excess of the estimated outlay for a Sub Inspector's house sanctioned in the Resident's Proceedings No. 2032, dated the 19th April 1904. I am therefore to suggest that, if possible, the proposed cost of construction in each case should be assimilated to that contemplated in the Public Works Code or to that sanctioned in 1901 and should this not be possible, I am to say that Mr. Fraser will be glad to be informed of the reasons for this wide divergence from the normal rates.

3. The question of the change of site of the present Cubbon Park Sub Inspector's quarters will be dealt with later.

SIR,

9 JUL 1907.

With reference to your letter No. 24 dated 4th January 1907, I have the honor to state that the Assistant Commanding Royal Engineer — whom I Consulted in the matter is of opinion that the Estimate for a Sub Inspector's house Sanctioned in Resident's Proceedings No. 2032 dated 19th April 1901 and which at Military works rates would cost (without houses) approximately Rs 2900/- is amply sufficient. I concur with his opinion:

2. As necessary provision for this work has been

been sanctioned in the current years budget, the Assistant Commanding Royal Engineer wishes to begin the construction of the buildings at an early date, in case the sites selected for the quarters are approved. The sites at Yellagowdanpalyam (Police Lines and at Broadway belong to the Police Department and they can conveniently be handed over at once to the Military works. The only difficulty is that of the site selected in Cubbon Park as the ground is beyond the limits of the Station boundary and in the jurisdiction of the Mysore Durbar. The question of securing it I would request, may now be taken on hand.

3. The site plans are hereunto enclosed for perusal and favour of return.

No. 6271

Dear Colonel,

5th October 1907.

Please refer to your letter to Hannyngton's address No. 5916, dated 29th August 1907 regarding the construction of the three Sub-Inspectors' quarters.

2. In our letter No. 5475, dated the 23rd August 1907 to the District Superintendent of Police the Resident merely conveyed a general approval of the proposed construction, and Hannyngton was asked to obtain plans and estimates from your office for submission to the Government of India in conformity with Resident's Proceedings No. 4420, dated the 5th September 1901 according to which the Government of India sanction is necessary for projects whose value exceeds 2570. We are now told that the estimates have already been approved by the Director General of Military Works and that work will now be commenced on them (Vide your No.5916 of 29th August to the District Superintendent of Police) It is not clear how the Director General sanctioned the estimates, for the scheme has not yet been submitted to the Government of India and their sanction should have come to the Resident. As regards the statement in paragraph I of your letter to the District Superintendent of Police that the Government of India had sanctioned these works as item 23 of the Civil Works Budget, if I am not mistaken, provision is merely made in the budget for the sum

required

required for the quarters the construction of which has to be formally sanctioned by the Government of India.

Yours sincerely

D.O. Dear Hannyngton

Please see your letter D.O.543, dated the 20th September 1907, regarding sites for Sub-Inspectors. There is some doubt as to whether Col. Thackwell is right in starting work before the Govt, of India give their formal saction to the project, as regards which I have referred to Col. Thackwell D.O.

Meanwhile, the answer to your letter referred to is held up pending his reply and the decision of the point.

Yours sincerely

India to the work was obtained I do not know, but I presume that the Schedule of Demands for 1907-1908, sent by me to the Resident in the usual course, was forwarded by him to the Government of India, and that they sanctioned the work because it was included in that schedule.

So far as I am concerned the quarters can be built without any further sanction, and one is now in progress. The other two are held up over the question of site and I hope this will be soon settled.

Dear Ronnie

S.40 Your D.O.6271 of 5th.October.

As things are run in the Military Works, it is always considered that the inclusion of a work in the Budget by the Government of India is a sanction to the work and a sanction to the expenditure. Detailed estimates for the work do not go to them, unless the amount exceeds ₹50,000/-, but, under that amount, are approved by the D.G., M.W., Divl.C.R.E., or A.C.R.E. according to the amount. In this case being over ₹10,000/- the detailed estimates were approved by the D.G., M.W.

It is not however the case that the Resident in any way loses touch or control of his works by this method as the detailed estimates when originally prepared always go to the Civil officer concerned (in this case the D.S.P.) for his countersignature, in token of concurrence, before they are approved; ~~who~~ he is thus aware of what is going on and can make any remarks he likes.

~~Now~~ How in this case, the sanction of the Government of

Dear Rennie,

S. 36 Your D. O. of 17th September, No. 5927.

I have considered several possible sites suitable for a police Station and quarters for the Sub-Inspector, Cubbon Park and am of opinion that a portion of the compound of the Madras Bank premises - either facing St. Marks road or the road between the cash bazaar and the Bank is the best available. Hannyngton tells me that the extent of the land required will be about 100 ft. Square for the police Station and about
